§ 2486j. Repealed. Pub. L. 105-362, title XI, § 1101(a), Nov. 10, 1998, 112 Stat. 3292

Section, Pub. L. 100-147, title II, §212, Oct. 30, 1987, 101 Stat. 875, related to reports by Administrator to Congress and the President on national space grant and fellowship program and comments and recommendations by Director of Management and Budget and Director of Office of Science and Technology Policy to be included in such reports.

§ 2486k. Designation or award to be on competitive basis

The Administrator shall not under this chapter designate any space grant college or space grant regional consortium or award any fellowship, grant, or contract unless such designation or award is made in accordance with the competitive, merit-based review process employed by the Administration on October 30, 1987.

(Pub. L. 100-147, title II, §213, Oct. 30, 1987, 101 Stat. 875.)

§ 2486l. Authorization of appropriations

(a) There are authorized to be appropriated for the purposes of carrying out the provisions of this chapter sums not to exceed—

(1) \$10,000,000 for each of fiscal years 1988 and 1989; and

(2) \$15,000,000 for each of fiscal years 1990 and 1991.

(b) Such sums as may be appropriated under this section shall remain available until expended.

CHAPTER 26B—BIOMEDICAL RESEARCH IN SPACE

Sec.	
2487.	Findings.
2487a.	Biomedical research joint working group.
	(a) Establishment.
	(b) Membership.
	(c) Annual reporting requirement.
	(d) Annual biomedical research symposia.
2487b.	Biomedical research grants.
	(a) Establishment of program.
	(b) Research opportunity announcements.
2487c.	Biomedical research fellowships.
2487d.	Repealed.
2487e.	Establishment of electronic data archive.
2487f.	Establishment of emergency medical service telemedicine capability.
2487g.	Authorization of appropriations.

§ 2487. Findings

The Congress finds that—

(1) the space program can make significant contributions to selected areas of health-related research and should be an integral part of the Nation's health research and development program;

(2) the continuing development of trained scientists and engineers is essential to carrying out an effective and sustained program of biomedical research in space and on the ground;

(3) the establishment and maintenance of an electronically accessible archive of data on space-related biomedical research is essential to advancement of the field;

(4) cooperation with the republics of the former Soviet Union, including use of former Soviet orbital facilities, offers the potential for greatly enhanced biomedical research activities and progress; and

(5) the establishment and maintenance of an international telemedicine consultation satellite capability to support emergency medical service provision can provide an important aid to disaster relief efforts.

§ 2487a. Biomedical research joint working group

(a) Establishment

The Administrator and the Director of the National Institutes of Health shall jointly establish a working group to coordinate biomedical research activities in areas where a microgravity environment may contribute to significant progress in the understanding and treatment of diseases and other medical conditions. The joint working group shall formulate joint and complementary programs in such areas of research.

(b) Membership

The joint working group shall include equal representation from the National Aeronautics and Space Administration and the National Institutes of Health, and shall include representation from National Institutes of Health councils, as selected by the Director of the National Institutes of Health, and from the National Aeronautics and Space Administration Advisory Council.

(c) Annual reporting requirement

The joint working group shall report annually to Congress on its progress in carrying out this section.

(d) Annual biomedical research symposia

The working group shall organize annual symposia on biomedical research described in subsection (a) of this section under the joint sponsorship of the National Aeronautics and Space Administration and the National Institutes of Health.
